OBJECTIVE

Seeking a growth-oriented role to leverage my expertise in Shopify Development, MERN Stack, Full Stack Engineering, and Agentic AI Systems to build scalable ecommerce and AI-powered solutions.

EXPERIENCE

CEDCOSS Technologies Private Limited 2021 - 2023
Shopify App & Theme Developer | Full Stack Developer
Developed scalable Shopify apps and custom themes using Liquid, HTML, CSS, JavaScript, MERN Stack, and Shopify APIs. Built AI-powered ecommerce solutions, automation systems, responsive UI/UX components, and high-performance storefront experiences with strong focus on scalability, SEO, and optimization.

BOOST STAR Experts 2023 - Till Now
Agentic AI Developer | Shopify App & Theme Developer
Performance-driven Full Stack Developer specializing in Shopify App & Theme Development, **Agentic AI Systems, NLP Automation, and MERN Stack technologies**. Experienced in building scalable AI-powered ecommerce applications, automation tools, intelligent chatbots, and high-performance web solutions.

EDUCATION

AKTU LUCKNOW 2021
B.Tech (Computer science & Engineering)
70%

PROJECTS

Ecom AI Reviews Experts – Shopify App
Developed a powerful Shopify-based **ECOM Reviews App** focused on AI-driven review management, review automation, and customer engagement enhancement for ecommerce stores. Built scalable frontend and backend architecture with advanced automation workflows, responsive UI components, review widgets, analytics systems, and intelligent **AI-powered features**.

InstFeed – Shopify App Development
Developed **InstFeed**, a Shopify application designed to enhance store engagement through dynamic Instagram feed integration and automation. Built advanced features including customizable feed widgets, responsive UI, real-time content syncing, performance optimization, and seamless Shopify theme compatibility using Shopify APIs, Liquid, React.js, Node.js, and MERN stack technologies.
